

(a) whether it is a fact that Government have mooted a proposal for privatisation of health services and major hospitals in the country;

(b) if so, the details thereof and the reasons therefor; and

(c) by when the proposal is likely to be finalised and implemented?

THE MINISTER OF HEALTH AND FAMILY WELFARE (DR. C.P. THAKUR): (a) to (c) At present there is no proposal under consideration in this Ministry to privatise Central Government Hospitals. Since Health is a State subject under the Constitution of India, privatisation of State Hospitals comes under the purview of respective State Governments.

Purchase of Microscopes by DDG(TB)

2839. SHRI RAMA SHANKER KAUSHIK: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether Government are aware that DDG(TB) has made purchase of microscopes worth Rs. five crores;

(b) if so, whether the purchase was made on tender basis;

(c) if so, the names of participants with their quotation, and the lowest cost of microscopes on which the tender was accepted;

(d) whether it is also a fact that these microscopes are not being used; and

(e) if so, the reasons therefor?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE [DR. (SHRIMATI) RITA VERMA]: (a) to (c) The Microscopes for the World Bank assisted TB Control Project for 1999-2000 were procured by HSCC, the independent procurement agency appointed for this purpose. The procurement was made through International Competitive Bidding (ICB), as per World Bank norms. Names of the bidders who participated in the Tender and the models quoted by them is enclosed in Statement-I. (See below) The bids were evaluated by an expert committee based on technical and commercial parameters. The per unit cost of the selected microscope was Rs. 26,648.64/-, which was the lowest price for the bid that was both technically and commercially responsive.

(d) and (e) These microscopes are being extensively used in the RNTCP districts to which they have been supplied for quality sputum microscopy for diagnosis of TB cases.
